## Concentration Game Instructions

### Goal

Collect the most pairs of matching cards.

### Set-Up

Select eight matching alphabet letter cards and eight note cards and place them on the table face down.

### Game Play

Players proceed clockwise. The first player turns over two cards. If the cards match (note and correct alphabet letter) the player earns that pair. The player may take an additional turn for each matching pair. If there is no match, the cards are returned to their original face down position. It is the next player's turn when no match is made.
